PLAYING RULES - JUNIORS

J1 JUNIOR GRADE RULES

These Rules starting with 'J' for 'Junior' apply to all junior grades. Each Rule applies to all matches, grades and age groups, unless it says otherwise.

Senior Rules starting with 'S' for 'Senior' do not apply to junior grades.

The 'Laws of Cricket' (2017 Code 3rd Edition-2022) apply to all matches, unless excluded or modified by or inconsistent with these Rules.

All references to "Tea" or the "Interval" should be read as "a **strict 10 minute Drinks Break.**"

Each team manager will have a copy of these rules at all matches.

J2 NUMBER OF PLAYERS IN TEAMS

A match will not start until each team has at least 7 players present for U12's, U14's, U16's, U18's, Levels 2 & 3 Girls.

If a team does not have 7 players present, the start will be delayed until it does.

The other captain may protest if there is a delay. He may claim a walkover after 30 minutes.

If a team starts a match with 7 players but later falls below 7 (even at the start of Day 2), play will still continue.

Teams can have more than 11 players in U14's, U16's, U18's, Levels 2 & 3 Girls. A maximum of 11 players applies to U12's.

All players can bat but the innings finishes at the fall of the 10th wicket for U14's, U16's and U18's and on the 8th wicket for U12's and Levels 2 & 3 Girls.

For U12's, Level 2 & 3 Girls teams the innings is closed after the batting team has finished the allocated overs or the following amount of wickets have fallen:

- 7 player team: 6 wickets
- 8 player team: 7 wickets
- 9+ player team: 8 wickets

For U14's, U16's U18's, more than 11 players may bowl in an innings, but no more than 11 may field at one time.

For U12's, 11 players may bat or bowl in an innings, however no more than 9 players may field at one time. If more than 9 players are present, they should rotate onto the field each over.

For Levels 2 & 3 Girls teams, 9 players may bat or bowl in an innings and no more than 9 players may field at one time. If more than 9 players are present, they should rotate onto the field each over.

It is encouraged that every junior player in the selected team be given the opportunity to bat **or** bowl (or both) in each match.

Members of the fielding team may interchange freely at the end of an over, at the fall of a wicket or after a break in play. Laws 1.1 and 1.2 do not apply.

All players must be listed in the selected team on PlayHQ on Day 1.

Unavailable players

A player is considered unavailable for a day if they are not present at any time during the day's play. The player must be recorded in the selected team on PlayHQ on Day 1.

J3 TEAM MANAGERS and COACHES

Each team will have a manager/coach at the match who is responsible for the team.

They will be at least 16 years old.

A manager/coach or his deputy may act for the team's captain.

The other team may treat a manager/coach or their deputy as the captain of the team.

Managers and Coaches may help with bowling and field changes and on-field coaching.

However, they will not waste time.

Note - unless they are officiating, coaches and managers may only go onto the ground during drinks breaks or in emergency circumstances, or else with the permission of the umpire. The penalty for breaching this clause is forfeiture of match.

Managers/coaches are responsible at all times for ensuring that play is conducted within the spirit and traditions of the game, as well as within the Rules and Laws.

Before the start of each day's play, if there is no official umpire, the managers/coaches will agree on the time to be followed during that day's play. They will keep a note of the times of breaks in play and time lost for adverse conditions and ensure that they are noted in both scorebooks.

J4 PLAYERS AND SCORES

Teams and substitutes will be entered in PlayHQ on Day 1.

Clubs will update PlayHQ with details of players and scores as per the prescribed procedure.

Each club will provide a scorebook and a scorer to keep the scores as per the Rules and Laws.

After each day's play, umpires and captains will, when scores are agreed, and before leaving the ground, note the scores in both scorebooks and, at the end of the match the result and margin (eg Plenty won on the 1st innings by 25 runs), and sign both scorebooks to confirm that all team totals and any result are correct.

If scores are disputed each captain will note and sign the details in both scorebooks.

The official umpires will impound them and within 24 hours give them to the General Manager or his nominated representative with written details.

If there is no official umpire each club will give its scorebook and written details to the General Manager or his nominated representative within 24 hours.

If a club intends to protest or dispute the result the captain or manager will, before leaving the ground, tell the umpires and other captain, and note and sign the details in both scorebooks.

J5 SMOKING AND DRINKING

No player, umpire, or team manager will smoke on the field during a match.

No player, umpire or team manager will drink alcohol during a match.

J6 PLAYER SAFETY

FIRST AID KIT

Each team will have an adequately stocked first aid kit at each match.

HELMETS

Helmets (with grills) will be worn at all times by:

- All batsmen in all matches in all age groups; and
- **All** wicket-keepers in **all** matches. The exception being in U16 and U18 matches where a wicket-keeper may choose to discard the helmet when standing back from the stumps.

SPECIAL SAFETY CONDITIONS FOR JUNIOR PLAYERS

Close fielding restrictions apply to all U12 & Level 2 Girls matches, but not U14 or U16 matches.

No player in U12 & Level 2 Girls matches (except the wicket-keeper, gully and off-side slips fieldsmen) will field within 10 metres of the bat.

Players may advance into these areas to field the ball after it reaches the striker.

If a player infringes this Rule, either umpire will call and signal no ball.

The responsible team will mark the Restricted Zone with clearly visible white discs at intervals of not more than 2 metres.

If for some reason lines are not able to be marked on the ground, then the distance automatically becomes equal to half the length of the pitch from stumps to stumps.

Players within the restricted zone:

- Eligible players fielding in the restricted zone must be stationary and wearing a helmet (with a grill)
- The maximum number of other fielding players in the restricted zone in front of the wicket is: U12 & Level 2 Girls (none), U14 & Level 3 Girls (one), U16(two)
- No other fielding player shall enter this restricted zone until after the ball: (i) is hit by the batter (ii) strikes the body or the equipment of the batter (iii) passes through to the wicketkeeper.

It is the responsibility of each club to ensure that:

- The rule is understood and complied with and that prior to the commencement of play there is mutual acknowledgement of the rule by team managers, coaches and officials
- Sufficient helmets are provided so that its fielding players have the choice of a properly fitting and approved helmet
- Players are instructed to wear an appropriate helmet in both practice/training and match conditions when fielding close in
- If a helmet is not available then a player is not permitted in the restricted zone

- U12 & Level 2 Girls players playing in U14 or U16 are not permitted in the restricted zone other than as excepted above
- In U16's a player of that age group should be used before an U14 is placed into the restricted zone.

U14 and U16 players can only be used in the restricted zone in senior cricket, if no other alternative exists and that they are equipped to do so as above

Players under the age of 12 are not permitted to participate in any capacity in a senior match.

Penalties

- The normal 5 run penalty shall apply as under the laws of cricket if a helmet or any other protective gear lying on the playing surface (usually behind the keeper) is struck during the play
- Failure to mark the restricted zone in any junior match by the home team where an appropriate reason cannot be provided (i) first offence \$50 fine (ii) second offence loss of 2 match points or if not playing for points \$100 fine (iii) further offences and subsequent penalties to be dealt with at the discretion of the Executive
- Failure to comply with special safety conditions and subsequent penalties will be dealt with at the discretion of the Executive.

Umpires may report any club for a breach of the special safety conditions. Where an umpire is not provided then the captain/coach of the batting side must alert the opposing (fielding) captain/coach to the breach (and ultimately advise the Junior Executive if there remains disagreement). Where necessary, play is to start or continue as though the markings are in place using the half-pitch rule and if the ground cannot be marked correctly and without delay.

A player who has blood on them will leave the field for attention.

If they are a fielder and no substitute is available, the batting captain will immediately provide a substitute, or they will be reported.

A batsman has 10 minutes to resume their innings.

After every effort is made to clean blood from clothing, the player may be allowed to return.

J7 Umpires

Official Umpires

Details of the official umpire appointments will be published on PlayHQ.

Each day, each team will pay the official umpire its share (i.e. 50%) of the prescribed fee by the completion of the tea interval.

If there is no play, umpires receive half the normal fee.

If a team fails to pay the umpires upon request, they will report the club.

Unofficial Umpires

If there is only one official umpire either team will supply a square leg umpire. The official umpire will umpire both ends and may overrule a decision by the unofficial umpire.

If there is no official umpire each team will supply an umpire.

Unofficial umpires will be at least 16 years old.

Note

If an appointed junior umpire does not arrive, clubs are to notify the Umpires Manager as soon as possible.

If an appointed umpire is unavailable on the second week of a two day match the Umpires Manager will endeavour to arrange a replacement umpire, where possible. The Umpires Manager will contact both clubs to advise the situation. If no replacement umpire is available, the team batting will provide the umpire. If this situation occurs where two umpires are appointed, the remaining umpire will officiate from both ends.

J8 ADVERSE CONDITIONS

Meaning of 'Adverse Conditions'

'Adverse Conditions' includes adverse weather, light or ground conditions, hot weather as outlined below, and exceptional circumstances.

Deciding whether conditions are fit for play

The umpires will decide whether conditions are fit for play.

If official umpires disagree, the present state of things continues.

If an official and an unofficial umpire disagree, the official umpire's opinion prevails.

If there is no official umpire, the team managers will decide. If they disagree, play will proceed while each club tries to contact an independent Executive member, and it will continue until one attends.

If and when one attends, he will decide whether conditions are fit for play.

A club forced to play against its wishes pending his decision may protest under A10.

Thunderstorms and Lightning

- **Suspension of play due to lightning.** Suspension and resumption of play will follow the "30/30" rule. Play will stop when flash to bang count is 30 seconds, since this indicates that lightning is 10km away. This presents significant risk that the next strike could be at the observer's location. Play will be suspended and players moved to designated safe shelters.

Play will not resume until 10mins after the last lightning strike.

Safe shelters include a car or substantial building (with electricity, plumbing or telephone wiring) to provide a safe current to ground. Open areas, trees, benches, picnic shelters and tents should be avoided.

Hot Weather (Heatouts)

No evening match will start if the temperature has reached 36° Celsius at 5.00pm (34° Celsius for U10's and Level 1 Girls). All players are to report to grounds and await further advice.

The Bureau of Meteorology "Viewbank Temperature" accessed on www.bom.gov.au or the [BOM Mobile App](#) is the official and only source. The General Manager or nominated representative will monitor the temperature at least hourly on the hour, and once the limit has been reached, clubs will be advised, and play will cease for the day.

Play abandoned or cancelled for adverse conditions (washouts or heatouts)

If Day 1 of a Two-Day Home and Away match is abandoned before 20 overs are bowled, then all play is cancelled, and it becomes a One-Day match on Day 2. If play is cancelled it is ignored for points, percentage, and averages.

However, if play on any day of a match is abandoned in circumstances other than those set out above, play is not cancelled, or ignored for points, percentage, averages and votes; and it will continue on the next day of the match (if any) from the point where it was abandoned.

J9 PITCHES, WICKETS, BOUNDARIES, SCOREBOARDS, BALLS & STUMPS

Pitches will be synthetic grass laid over concrete.

- They will be at least 1.83m (6ft) wide.
- They will extend from wicket to wicket, and preferably at least one metre past the stumps.
- Pitch length for U10's and Level 1 Girls is 16 metres measured stump to stump. Pitch length for U12's and Level 2 Girls is 18 metres measured stump to stump.
- Clubs will arrange installation, repair or replacement direct with Councils.

- The pitch will be in good condition and fit for play.
- Clubs may not alter the state of the pile during a match, but may, during a change of innings, scheduled break or after an interruption for adverse conditions, use a vacuum/blower and/or sweep it or remove loose surface impediments.
- Clubs will paint creases, and keep them permanently painted. Although under modified rules (U10's, Level 1&2 Girls) tape may be used to identify the crease.

Stumps should not have metal ferrules, nor metal cone shoes.

Teams will use full-size stumps, bails and pitches. U10's, U12's, Level 1&2 Girls will use full-size portable stumps, with base and bails, preferably two sets of portable stumps, a minimum of one at one end of the pitch.

Boundaries

- Undefined boundaries will be marked by a white line, a rope laid on the ground, flags or cones
- Obstacles (including goalposts) and non-playing persons within the playing area are boundaries
- Gutters on the fence line are also defined as boundaries
- Managers and Umpires may also agree on defined boundaries as necessary
- All grounds bordered by fences, gutters or retaining walls must have a boundary marked and coned 2.74 metres inside the above defined border. This line must also be within 2.74 metres of any existing football posts
- Balls clearing or reaching defined boundaries on the full earn 6 runs.

Shorter boundaries.

Except where natural boundaries are shorter;

- U14's will use 50 metre boundaries measured from the centre of the pitch
- For one day U12's & Level 2 Girls a 45 circle is measured from the batter's end stumps as play is only from one end.
- For two day U12's and Level 2 Girls a 45 metre circle is measured from the centre of the pitch, and play will be from both ends.
- One day grades U10's and Level 1 Girls grade a 40 metre (max) circle is measured from the batters end stumps as play is only from one end.

Measurement of Boundaries

Scoreboards

All junior competitive grades drawn to play at a Club's main ground will operate a scoreboard at each match. The scoreboard must be visible from the ground.

Balls

Teams will use a ball as prescribed in the 'JA8 Ball Specifications'

Teams WILL supply and use a new ball for the other team's 1st innings.

The innings will not start without a new ball.

If there is a delay, the batting team may (but does not have to) supply a new ball. The fielding team will use it, and give the batting club a replacement within 48 hours.

Teams MAY supply and use a new ball for the other team's 2nd innings.

Otherwise they will use the ball in use at the end of the most recent innings.

Law 5.5 applies if the ball is lost or becomes unfit for play.

All balls used in a match are 'match balls'.

Official umpires will hold the current match ball during all breaks in play.

They will hold all used match balls until the match ends.

If there is no official umpire, each team will hold its own match balls until the match ends. It will make sure their condition is not altered in any way whatever.

J10 PREPARING THE PITCH AND GROUND

The team responsible for preparing the pitch and ground is:

- In home & away matches and finals, the home team; If however the match is played at a neutral ground then the team listed first in PlayHQ prepares the pitch and ground on ALL days, unless advised otherwise by the Operations Manager

In finals, the host club will ensure that the clubrooms are open.

The responsible team will:

Properly prepare the pitch and ground for each day's play and maintain as necessary if impacted by adverse conditions

As part of its duties, the responsible team will:

- Supply all necessary **equipment**, including vacuum blowers
- **Sweep** the pitch and **dry** the pitch, run-ups and surrounds and make them fit for play by sweeping or draining water away and/or putting down sawdust
- Supply **sawdust** when needed to make the ground fit for play (but in finals each team will supply its own sawdust when it needs it); it should have enough sawdust to fill a standard 55-litre rubbish bin or garbage bag
- Mark undefined **boundaries**
- Supply **stumps and bails**, and replacements when they are needed (but in home & away matches, the other team will also have a spare set of stumps and bails available)
- **Repaint popping creases**, if needed
- If there is no official umpire, pitch stumps and mark **popping creases** to a distance at least 0.91m (3 ft) from each edge of the pitch; and
- Mark **restricted zone fielding circles**.

An official umpire will report a team that breaches this Rule.

If the breach causes a delay, the other team may protest.
If it exceeds 30 minutes, the umpire will allow the other team to claim a walkover, but **only** for serious breaches that actually prevent the match proceeding (e.g. no stumps, etc.).
A team that gives a walkover under this Rule will be fined \$50.00.

If there is no official umpire, and a team breaches this Rule, the other team may protest.

J11 COIN TOSS IN JUNIOR MATCHES

There is no coin toss in **any home & away** junior matches (except in finals), **the away team will bat first.**

J12 FOLLOW-ON AND DECLARATIONS

A team may enforce the follow-on if it leads by 50 or more on the 1st innings (excluding U12's)

A captain may declare their team's innings at any time.

If a captain declares or enforces the follow-on during a break in play, play will not resume until at least 10 minutes after they notifies the other captain and the umpires of their decision to do so.

J13 HOURS OF PLAY

Play will start at the Scheduled Start at 5:00pm unless:

- It is delayed by adverse conditions; or
- It is delayed under another Rule; or
- The executive specifies another start time for the match.

Umpires and captains will compare time before play starts each day. If there is no official umpire, the Team Managers will agree on which watch is to be followed during that day's play.

The umpires will, after the first ball is bowled, announce the starting time to the batsmen and fielding captain.

The umpires will decide when drinks may be taken.

In normal circumstances it will only be once per session and only if the session is due to last for at least 2 hours.

A strict 10 minute drinks break to allow teams to changeover will be taken each day as per the relevant Rule. Neither umpires nor captains may agree to forego this break.

Play will continue until the completion of daily overs within the relevant Rule unless:

- It is abandoned because of adverse conditions, but play may only be abandoned within 90 minutes after the Scheduled Start if all captains and umpires agree; or
- There is a walkover or an outright result; or
- The relevant Rule allows captains or umpires to end play early.

Official umpires WILL and the other team MAY report a team responsible for a delay in starting, resuming or continuing play.

A captain may protest if the other team is responsible for a delay in starting, resuming or continuing play, and claim a walkover if it exceeds 30 minutes

To claim a walkover, the captain will tell the umpires and the other captain **after** the delay but **before** play starts, resumes or continues.

J14 STARTING AND COMPLETING LAST OVER

An over will be started if the umpire, walking at their normal pace, reaches their position at the bowler's end before time is reached for the Tea Interval or close of play.

If the time for a Tea Interval is reached during an over, it will be completed unless:

- A batsman is out or retires less than 2 minutes before the Tea Interval is due; or
- The players have cause to leave the field.

If the time for the close of play is reached during an over, it will be completed (even if a wicket falls) unless the players have cause to leave the field.

J15 DAILY OVERS - Two Day Matches

The daily overs are:

- 40 overs in U18's
- 40 overs in U16's
- 40 overs in U14's

But reduced by one over for each full 3 minutes for total time lost if greater than 20 minutes for which neither team is responsible (including, eg adverse conditions and injuries)

A total of 20 minutes lost represents a reduction of zero overs, whereas a total of 21, 24 and 27 minutes lost represents a reduction of 7, 8 and 9 overs etc.

There is NO reduction for the 10 minute break between innings nor for lost balls.

An over left unfinished when an innings ends DOES count as an over bowled.

An over in progress when an interruption in play starts will be completed when play resumes, and then it counts as an over bowled.

If a bowler cannot complete an over, another bowler will complete it (as per Law 17.8), and then it counts as one over bowled.

On Day 1 if the daily overs are reduced for time lost, then play will cease once the adjusted number of overs is bowled.

On Day 2 Team 2 will only receive the same amount of overs. (Refer J22 item 4, Compulsory Closure conditions).

J16 OVERS

Over Blocks in junior matches.

To provide more actual playing time, teams will bowl overs in blocks of 10, alternatively from each end. For two day matches teams will bowl from the alternate end from Day 1 on Day 2.

Limit on Deliveries per 'Over' in home & away matches and finals.

- In all grades excluding U12 and Level 2 Girls, an over is completed after 6 legal deliveries
- In U12 and Level 2 Girls however, an over is completed after 6 legal deliveries or 8 deliveries (including no balls and wides) whichever comes first
- However, in the final over of an U12 and Level 2 Girls innings a total of 6 legal deliveries must be bowled

If an umpire miscounts the number of balls the over as counted will stand.

For all purposes of these Rules, it then counts as:

- One over bowled; and
- 6 balls bowled.

Guidelines for junior over rates

Umpires, managers and scorers must utilise the following tables to monitor over rates and ensure that daily overs are completed by the scheduled close.

40 over matches: U12s, U14s, U16s & U18s	
	Evening
Start	5.00pm
10 overs	5.40pm
20 overs	6.15pm
30 overs	7.00pm
40 overs	7.40pm

J17 INDIVIDUAL BOWLING RESTRICTIONS

Bowlers, regardless of their pace, are limited to the following overs:

	U18	U16	U14	U12	Level 2 & 3 Girls
Per SPELL in One Day match	4	4	4	3	3
Per DAY in One Day match	4	4	4	3	4
Per SPELL and/or DAY, in Two Day match (mixed teams only)	N/A	5	5	N/A	N/A
Per INNINGS and/or DAY in Two Day match (mixed teams only)	N/A	8	8	N/A	N/A

A bowler playing above his age group is subject to the limits for his actual age group, eg an U12 player in U14s is subject to the U14 limits.

A bowler must rest between spells for at least twice as many overs as his last spell (e.g. if he bowls 3 overs, he must rest for at least 6 overs).

A bowler bowling immediately before and after the Tea Interval is continuing the same spell.

A bowler starts a new spell at the start of a new day of a match.

In One-Day Matches, bowlers who bowl the MATCH limit may bowl again after all listed players bowl the limit, but only in the order they reached the limit.

In Two-Day Matches and Finals, players who bowl the DAY limit may bowl again on that day after all listed players bowl the limit, but only in the order they reached the limit.

Players who bowl the limit on one day may bowl again on a later day of the match.

In U12, all players must bowl at least one over excluding the wicketkeeper.

In Levels 2 & 3 Girls, a maximum of 9 players may bowl in any innings.

Scorers will tell the umpires as soon as a bowler reaches their limit.

If they do not do so, the batting captain will tell the umpires as soon as they know a bowler is over or about to go over their limit.

The umpires will tell the fielding captain as soon as they are satisfied that a bowler has reached their limit. If they continue to bowl, the umpire will report the bowler and captain. A bowler who breaches the limit will not be permitted to bowl for the rest of the match. A batsman dismissed in the illegal extra over in which the breach is notified may resume their innings at the fall of the next wicket.

The penalties for breaching this Rule are those for playing an ineligible player, BUT:

- the opposing club may **ONLY** appeal if its captain (as required above) tells the umpires as soon as they know a bowler is over or about to go over their limit, but **NOT** if he/she or their manager signs off the result as correct on the Scorebook; and
- the offending team may be penalised by forfeiting points derived from the match and/or points may be awarded to the opposing team after an investigation by the Executive if it considers it is clear there was intent to unfairly win the match and/or prevent the opposing team from doing so (if the team loses the match a fine will be imposed at the Executive's discretion).

J18 INDIVIDUAL BATTING RESTRICTIONS

The compulsory retirement limits are:

	U18	U16	U14	U12	Level 2 Girls	Level 3 Girls
One Day matches	50	50	40	18 balls max. per player	20 balls (7 players) 20 balls (8 players) 20 balls (9 players)	40
Two Day matches (mixed teams only)	N/A	100	75	N/A	N/A	N/A

A batsman playing above their age group is subject to the limits for the age group in which they are playing, eg an U12 player in the U14s is subject to the U14 limits.

In Levels 2 & 3 Girls, a maximum of 9 players may bat in any innings.

A batsman WILL retire immediately they reach the limit i.e. before the next ball is bowled.

They are 'not out' for averages and percentage.

They may bat again after all listed players bat and all but one go out or retire at the limit.

They may not return ahead of a player who retired before the limit.

They may not return ahead of a player who retired at the limit before he did.

If they return, they may bat until the innings ends.

A batsman MAY retire before the limit, to foster participation.

They are 'not out' for averages and percentage.

They may bat again after all listed players bat and all but one go out or retire. For the purpose of this rule, players who are 'unavailable' are not considered a listed player for that day.

They may not return ahead of a player who retired at a lower score than he did.

If they return, they will retire again at the end of the over in which their total reaches the limit.

For U12's and Level 2 Girls, retired batters who have reached the number of balls allocated as above can return when all others have faced their required balls, and must return in the order they retired.

If a batter breaches the limit:

- Runs made beyond the limit will be deducted from theirs and the team's total
- They will be deemed to have been out at the limit for averages and percentage
- If the breach occurs during a last wicket partnership, the innings will be deemed to have ended at the instance of the breach, and they will be deemed to have been out at the limit for averages and percentage; and
- The offending team may be penalised by forfeiting points derived from the match and/or points may be awarded to the opposing team after an investigation by the Executive if it considers it is clear there was intent to unfairly win the match and/or prevent the opposing team from doing so (if the team loses the match a fine will be imposed at the Executive's discretion).

J19 LBW's

- There will be **no LBW** in Levels 1, 2 & 3 Girls, U10 or U12 (any grade).
- Normal LBW rules will apply for all U14, U16 & U18 grades.

J20 NO BALLS, WIDES AND 5-RUN PENALTIES

Laws 21 (No Balls) and 22 (Wide Balls) apply.

Deliveries off the Pitch

The umpire will call and signal no ball immediately a delivery pitches:

- Outside the line of the pitch; or
- On the edge of the pitch so as to deviate in any direction; or
- One that bounces more than twice prior to reaching the batsman.

On Side Fieldsmen

The umpire will call and signal no ball if at the instant of the bowler's delivery there are more than 5 on side fieldsmen, or more than 2 on side fieldsmen behind the popping crease.

Calling Illegal Short Pitched Deliveries and Full Tosses

If there are 2 official umpires, either will call and signal a no ball if:

- A delivery pitches then passes or would have passed over head height of the striker, standing upright at the crease; or
- A delivery (of any pace) passes or would have passed on the full above waist height of the striker, standing upright at the crease.

In other matches, such no balls may only be called by the bowler's end umpire.

Note. A caution will be issued after a bowler delivers a dangerous non-pitching delivery above waist height. A further similar delivery will incur suspension from further bowling in that innings

Wides: Special Rule for One-Day Matches (Ref J20)

Explanatory Notes on No Balls and Wides

Deliveries pitching off the pitch are No Balls (not Wides), which is important because:

- *From a no ball, batsmen can be out Hit The Ball Twice, Run Out, or Obstructing The Field, but*
- *From a wide, batsmen can be out Hit Wicket, Stumped, Run Out, or Obstructing the Field.*

A delivery is not a No Ball just because it pitches on the first half of the pitch, but it may be a no ball for some other reason, and it may be a wide.

Underarm bowling is prohibited by Law 21.3.

A delivery pitching on the pitch may still be a Wide under the definition in Law 22.1.

Five Run Penalties

Illegal Fielding Penalties

The 5 run penalties for illegal fielding (Law 28.2) and for the ball hitting a fielder's helmet on the ground (Law 28.3) apply in all matches.

Other Five Run Penalties

The 5 run penalties otherwise specified do not apply in any match.

J21 ONE-DAY HOME & AWAY MATCHES

These conditions apply to U12, U14, U16, U18, Level 2 and Level 3 Girls age groups

Hours of Play

- Play to commence at 5:00pm
- Scheduled Close is 7:40pm
- With a **strict 10 minute Drinks Break** at **6:15pm** or at conclusion of the first batting team's overs **whichever comes first**
- In the event of team batting first not receiving 20 overs by the Drinks Break, then they compulsorily close and team batting second will only receive the same number of balls.

Overs

- Each team to receive a maximum of 20 overs
- But reduced by one over for each full 3 minutes for total time lost in excess of 20 minutes, for which neither team is responsible (including, eg adverse conditions and injuries)
 - In the event of say, 30 minutes (10 overs) lost in total during the innings of team batting first, then the game is reduced to 30 overs with each team entitled to 15 overs each respectively. The equal distribution of available overs however is dependent upon the Team batting 1st choosing not to exercise their option of batting their full 20 overs
 - In the event of lost time through adverse weather **at the start of play**, the remaining overs are to be split equally
 - A result can only be achieved if at least 10 overs are available to each team

- If adverse conditions prevent all play before 10am or 6.00pm, play will be abandoned.

Close of Play

- Play concludes when team 2 faces its daily quota of overs (even after it has passed team 1). No allowances exist for outright results.

Extension of Play beyond Scheduled Close

- If daily overs are yet to be completed, play may continue beyond the scheduled close for an additional 15 minutes **only** if a first innings result has yet to be achieved and the total time lost has not exceeded 20 minutes
- However, in the event of adverse conditions interrupting play beyond the scheduled close, play will cease for the day.

One Day Wides

In one-day home & away matches, a delivery with which the striker has not made contact, not being a no ball, shall be called a wide if:

- it passes to either side of the wicket so that the striker, whether he moves from his normal stance at the crease or not, does not have a reasonable opportunity to score; or
- It lands outside the line of his leg stump and then veers further to the on side.

J22 TWO-DAY HOME & AWAY MATCHES

These conditions apply to U14, U16 age groups

1. Team 1 is the team which bats first. **Team 2 is** the team which bats second.

2. Hours of Play

- Play to commence at 5:00pm
- Scheduled Close is 7:40pm

With a **strict 10 minute Drinks Break at 6:15pm, but:**

- the interval starts 30 minutes before the Drinks Break is due if the players are then off the field
- if the players have cause to leave the field when 30 minutes or less remain before the Drinks Break is due to start, the interval starts immediately; and
- if 9 wickets (7 wickets for U12) are down when the Drinks Break is due to start, play will continue for 30 minutes, unless the innings ends or the players have cause to leave the field earlier.

Close of Play: Play ends each day upon completion of the Daily Overs, **BUT:**

- If Team 1 completes its innings with 5 or less daily overs remaining on Day 1, Team 2 may elect to forfeit the remaining

daily overs and commence their innings on the following day. This option will not apply in the case of Team 1 declaring its innings closed

- The captains may agree to end play at any time on Day 2 after a result is reached, however, Team 2 has the right to continue facing their innings quota of 40 overs even after passing Team 1's total, if they choose to do so; and
- On Day 2, official umpires can end play once Team 2 has completed its 1st innings or has faced their innings quota of 40 overs providing Team 2 has passed Team 1 and they think no further result is possible
- All matches must recommence on Day 2 regardless of whether a first inning result has already been achieved.

Extension of Play beyond Scheduled Close

- If daily overs are yet to be completed, play may continue beyond the scheduled close for an additional 15 minutes **only** if a first innings result has yet to be achieved and the total time lost has not exceeded 20 minutes
- However, in the event of adverse conditions interrupting play beyond the scheduled close, play will cease for the day.

3. Any innings may be declared at any time.

4. Compulsory Closure of each team's 1st innings:

- Team 1 closes upon completion of the Daily Overs, i.e.
 - 40 overs for U16's
 - 40 overs for U14's
- If Team 1 compulsorily closes, Team 2 closes after the same number of balls
- In the event of lost time on Day 1 exceeding 20 minutes through Adverse Conditions, play will cease once the adjusted number of overs for the day has been reached.

However:

- Team 1 may only continue batting on Day 2 until their innings total of 40 overs are reached
- Team 1 may elect to declare on Day 2 and split the overs, whereby Team 2 compulsorily closes after receiving the same number of overs.
- In the event of Day 1 being abandoned after an odd number of overs, then Day 2 will only have 39 overs available should Team 1 choose to split the overs. This way each team will receive an equal number of overs.
- **Further to the above point** - in the event of play being abandoned after 35.2 overs, the 4 balls of the unfinished over will be completed the following week and will be

counted as 1 over bowled. To effect an even split then, there can only be another 38 overs of play remaining.

- In the event of lost time on Day 2 exceeding 20 minutes through Adverse Conditions, play will cease once the adjusted number of overs for the day has been reached.

Note - If team batting 2nd commences batting on Day 1 and bats the full 40 overs on Day 2, without reaching their target, then they lose.

Similarly in a reduced overs match of say 30 overs each, and where Team 1 only bats 28 overs, if Team 2 does not pass Team 1's score after the available 32 overs, then they lose as well.

J23 SEMI FINALS & GRAND FINALS

Under Two Day and One Day conditions, Semi Finals/Grand Finals will be played under normal conditions, except that either team can concede the match at any time.

J24 NON-COMPETITIVE JUNIOR GRADES U10 & Level 1 Girls

All U10 and Level 1 Girls non-competitive junior grades are played as one day home and away matches.

Team Players

There are 7 players per team. A maximum of 9 players are to be allocated to U10 teams. There is no limit on players for Level 1 Girls teams. 5 players must be present for both U10 and Level 1 Girls matches to commence.

It is encouraged that every junior player in the selected team be given the opportunity to bat **or** bowl (or both) in each match.

Batting

The compulsory retirement limits are:

	U10	Level 1 Girls
One Day matches	24 balls (5 players) 20 balls (6 players) 17 balls (7 players) 15 balls (8 players) 13 balls (9 players)	24 balls (5 players) 20 balls (6 players) 17 balls (7 players)

- All balls count in the batter's ball count regardless of whether they are wides or no balls.

- The batter is to swap ends after a dismissal. If there is a run out the not out batter is required to face the next delivery.
- If there is an extra ball to be bowled, the batter facing at the time will face the extra ball i.e. $17 \times 7 = 119$
- Batters are to retire after facing number of balls, not at end of the over.
- In **Level 1 Girls**, a maximum of 9 players may bat in any innings.
- The innings is closed after the batting team has finished the allocated overs. Unlimited dismissals apply.

Bowling

The maximum number of overs bowled by a player are 4 overs.

- 6 balls per over (maximum)
- **In U10's**, all players are required to bowl including wicket keepers, who are required to bowl one over each.
- **In Level 1 Girls**, a maximum of 9 players may bowl in any innings.

Fielding

- Rotation of players is required to ensure all players experience all positions
- No fielders within 15 metres of each batter or each other (except the wicket keeper) to encourage singles and safety
- Each team is required to use 2 wicket keepers for 10 overs each
- If more than 7 players, rotation of players must be completed after the end of each over

Dismissals

- Unlimited dismissals
- Following dismissals apply – bowled, caught, caught and bowled, run out, stumped, hit wicket. There is no LBW.

Four run Penalties (Level 1 Girls)

As a consequence for dismissals 4 runs per wicket will be added to the opposition (bowling teams) at the end of the innings.

Hours of Play

- Play to commence at 5:00pm
- Scheduled Close is 7:40pm
- With a **strict 10 minute Drinks Break** at **6:15pm** or at conclusion of the first batting team's overs **whichever comes first**
- In the event of team batting first not receiving 20 overs by the Drinks Break, then they compulsorily close and team batting second will only receive the same number of balls.

Overs

- Each team to receive a maximum of 20 overs
- But reduced by one over for each full 3 minutes for total time lost in excess of 20 minutes, for which neither team is responsible (including, eg adverse conditions and injuries)
 - In the event of say, 30 minutes (10 overs) lost in total during the innings of team batting first, then the game is reduced to 30 overs with each team entitled to 15 overs each respectively. The equal distribution of available overs however is dependent upon the Team batting 1st choosing not to exercise their option of batting their full 20 overs
 - In the event of lost time through adverse weather **at the start of play**, the remaining overs are to be split equally
- If adverse conditions prevent all play before 6.00pm, play will be abandoned.

Close of Play

- Play concludes when team 2 faces its daily quota of overs (even after it has passed team 1).

Extension of Play beyond Scheduled Close

- If daily overs are yet to be completed, play may continue beyond the scheduled close for an additional 15 minutes **only**

One Day Wides

In one-day home & away matches, a delivery with which the striker has not made contact, not being a no ball, shall be called a wide if:

- it passes to either side of the wicket so that the striker, whether he moves from his normal stance at the crease or not, does not have a reasonable opportunity to score; or
- It lands outside the line of his leg stump and then veers further to the on side.

PLAYING RULES - SENIORS

S1 SENIOR GRADE RULES

These Rules starting with 'S' for 'Senior' apply to all senior grades.

Each Rule applies to all matches and grades, unless it says otherwise.

Junior Rules starting with 'J' for 'Junior' do not apply to senior grades.

The 'Laws of Cricket' (2017 Code 3rd Edition-2022) apply to all matches, unless excluded or modified by or inconsistent with these Rules.

Each captain will have a copy of these rules at all matches.

These rules can only be altered by a two thirds majority vote of club delegates at the Annual General Meeting. All Rule Change Proposals must be submitted to the General Manager by the 30th April each year.

S2 MINIMUM OF SEVEN PLAYERS

A match will not start until each team has at least 7 players present.

If a team does not have 7 players present, the start will be delayed until it does.

The other captain may protest if there is a delay

He may claim a walkover after 30 minutes

If a team starts a match with 7 players but later falls below 7 (even at the start of Day 2), play will still continue.

S3 TEAMS AND SCORES

Team requirements

Captains will list their teams and known substitutes on PlayHQ.

To assist the scorers, captains must ensure details regarding junior players (for the purpose of bowling restrictions) and substitutes are advised prior to those players participating in the match.

Substitutes

In a home & away match, a captain will notify the official umpires of any substitute before the start of the day's play. The umpires will then tell the other captain. If there is no official umpire, the captain will tell the other captain.

Substitutes will generally be allowed for part days only. Exceptions to this would be where a player sustains an injury during the first days play or through legitimate personal circumstances occurring during the week of a game. In all situations umpires will have sole discretion in determining the merits of each case. In the event of no umpires present, then the use of a substitute will only be allowed by the agreement of both captains. (Ref SA5)

Participating in the match

No player may participate in the match (bat, bowl or field) unless they have been listed in the team on PlayHQ. If a substitute is required after the match has commenced, they must be added to the team in PlayHQ before fielding.

Note – Substitutes must be a registered player of the club.

Alterations

Once a captain lists his team, the captain may only alter it if the other captain consents by signing the alterations or if the Executive is satisfied that the alteration was justified. An alteration is justified if it corrects an honest mistake and does not contravene the principle that it is intended to commit the clubs to particular teams for the duration of the match.

Note – Penalties will apply for playing ineligible players.

Scoring Requirements

Clubs will lodge details of scores as per the prescribed procedure. Each club will keep the scores as per the Rules and Laws, although in all grades, the home team only has the option of electronic scoring. In Shield Grades only it is compulsory for the home team to score electronically.

In Shield Grades only, a non-playing scorer must be provided by both clubs for the entirety of the match. (Penalties apply)

Sign-off on Scores

After each day's play, the captains and/or his nominated representative shall ensure that the scoring adds up and is agreed to by both parties. Umpires or captains will, when scores are agreed to, and before leaving the ground, sign off on the scorebook/s.

At the end of the match the result and margin, must be noted on the scorebook/s and signed off by captains or umpires.

Disputed Scores

If scores are disputed and/or cannot be agreed to, then each captain will note and sign the details in both scorebooks (if there are 2).

The official umpires will impound them and within 24 hours give them to the General Manager or his nominated representative with written details.

If there is no official umpire each club will give its scorebook and written details to the General Manager or his nominated representative within 24 hours.

The General Manager or his nominated representative shall audit the scorebooks for the day's play and determine the official scores for the match.

If a club intends to protest or dispute the result the captain or manager will, before leaving the ground, tell the umpires and other captain, and note and sign the details in both scorebooks. If this does not occur then match scores as signed off will stand and cannot be changed.

S4 SMOKING AND DRINKING

No player, umpire or substitute will smoke on the field during a match.

No player or umpire will, on the day of a match, drink alcohol at the match venue or on the field before the close of play.

A captain will, when selecting any necessary substitute, give due regard to this requirement. A substitute will not drink alcohol from the time he is selected until the close of play.

S5 BLOOD

A player who has blood on him will leave the field for attention.

If he is a fielder and no substitute is available, the batting captain will immediately provide a substitute, or he will be reported.

A batsman has 10 minutes to resume his innings. After every effort is made to clean blood from clothing, the player may be allowed to return.

S6 UMPIRES

Official Umpires

Details of the official umpire appointments will be published on PlayHQ.

Each day, each team will pay the official umpire its share (i.e. 50%) of the prescribed fee by the completion of the tea interval.

If there is no play, umpires receive half the normal fee.

If a team fails to pay the umpires upon request, they will report the club.

Unofficial Umpires

If there is only one official umpire either team will supply a square leg umpire. The official umpire will umpire both ends and may overrule a decision by the unofficial umpire.

If there is no official umpire each team will supply an umpire.

Unofficial umpires will be at least 16 years old.

Square leg umpires will be at least 15 years old.

S7 ADVERSE CONDITIONS

Meaning of 'adverse conditions'

'Adverse conditions' includes adverse weather, light or ground conditions, hot weather as outlined below, and exceptional circumstances.

Grounds Committee

This Committee will comprise nominated Association representatives.

If home & away matches appear likely to be affected by adverse conditions, the Committee will inspect a cross-section of DVCA grounds before 11.00am on the match day, or on a previous day if the Executive thinks fit.

If it considers 50% or more of those grounds unfit for play, it will cancel the day's play.

Otherwise, the question of whether conditions are fit for play will be decided on a match by match basis as per the following provisions of this Rule.

Deciding if conditions are fit for play

The umpires will decide whether conditions are fit for play.

If official umpires disagree, the present state of things continues.

If an official and an unofficial umpire disagree, the official umpire's opinion prevails.

If there is no official umpire, the captains will decide. If they disagree, play will proceed while each club tries to contact an independent Executive member, and it will continue until one attends.

If and when one attends, he will decide whether conditions are fit for play.

A club forced to play against its wishes pending an Executive member's decision may protest under A10.

Thunderstorms and Lightning

- **Suspension of play due to lightning.** Suspension and resumption of play will follow the “30/30” rule. Play will stop when flash to bang count is 30 seconds, as this indicates that lightning is 10km away. This presents significant risk that the next lightning strike could be at the observer’s location. Play will be suspended and players moved to designated safe shelters. Play will not resume until 10 minutes after the last lightning strike.

Safe shelters include a car or a large substantial building (with electricity, plumbing or telephone wiring) to provide a safe current to ground. Open areas, trees, benches, picnic shelters and tents should be avoided.

Hot Weather (Heatouts)

The General Manager or nominated representative will monitor the Bureau of Meteorology “Viewbank” on bom.gov.au or the [BOM Mobile App](#) which is the official and only source. Once it reaches 38° Celsius, the General Manager or nominated representative will notify clubs. Play will then be suspended immediately, and will not start or re-start until the General Manager or nominated representative notify clubs that it is below 38°.

The General Manager or nominated representative will continue to check at each 15 minute interval on and from the hour (eg 1:00pm, 1:15pm, 1:30pm, etc.)

If play is delayed for 1 hour in one continuous block of time, (not accumulative blocks), all play in all matches will be abandoned for the day.

Any delay or interruption under this paragraph will be treated in the normal way in accordance with applicable rules, particularly regarding overs reduction.

The Grounds Committee reserves the right to abandon play at any time prior to commencement, due to extreme weather.

Play abandoned or cancelled because of adverse conditions (washouts or heatouts)

If Day 1 of a Two-Day Home and Away match is abandoned before 20 overs are bowled, then all play is cancelled, and it becomes a One-Day match on Day 2. If play is cancelled under this Rule, it is ignored for points, percentage, averages and votes.

S8 PITCHES, BOUNDARIES, SCOREBOARDS, BALLS & STUMPS

Pitches will be synthetic grass laid over concrete.

They will be at least 1.83m. (6ft.) wide.

They will extend from wicket to wicket, and preferably at least one metre past the stumps.

Clubs will arrange installation, repair or replacement direct with Councils.

The pitch will be in good condition and fit for play.

Clubs may not alter the state of the pile during a match, but may, during a change of innings, scheduled break or after an interruption for adverse conditions, use a vacuum/blower and/or sweep it or remove loose surface impediments.

Clubs will paint creases, and keep them permanently painted.

Stumps should not have metal ferrules, nor metal cone shoes.

Boundaries

- Undefined boundaries will be marked by a white line, a rope laid on the ground, flags or cones.
Obstacles (including goalposts) and non-playing persons within the playing area are boundaries.
Gutters on the fence line are also defined as boundaries.
- Captains and Umpires may also agree on defined boundaries as necessary
- All grounds bordered by fences, gutters or retaining walls must have a boundary marked and coned 2.74 metres inside the above defined border. This line must also be within 2.74 metres of any existing football posts
- Balls clearing or reaching defined boundaries on the full earn 6 runs.

Barclay Shield, Money Shield, Mash Shield, B, C, D and E grades will operate a scoreboard at each match. The scoreboard must be visible from the ground.

BALLS

Teams will use a ball as prescribed in 'SA8 Ball Specifications'
Teams WILL supply and use a new ball for the other team's 1st innings.

The innings will not start without a new ball.

If there is a delay, the batting team may (but does not have to) supply a new ball. The fielding team will use it, and give the batting club a replacement within 48 hours.

The batting captain may protest if there is a delay, and claim a walkover after 30 minutes.

Teams MAY supply and use a new ball after a ball is used for 80 overs.

Teams MAY supply and use a new ball for the other team's 2nd innings.

Otherwise they will use the ball in use at the end of the most recent innings.

Law 5.5 applies if the ball is lost or becomes unfit for play.

All balls used in a match are 'match balls'.

Official umpires will hold the current match ball during all breaks in play.

They will hold all used match balls until the match ends.

If there is no official umpire, each team will hold its own match balls until the match ends. It will make sure their condition is not altered in any way whatever.

S9 GETTING THE PITCH AND GROUND READY

The team responsible for preparing the pitch and ground is:

- In home & away matches and finals, the home team;
- If however the match is played at a neutral ground then the team listed first in PlayHQ prepares the pitch and ground on ALL days, unless advised otherwise by the Operations Manager

In finals, the host club will ensure that the **clubrooms** are open.

The responsible team will:

- Properly prepare the pitch and ground for each day's play, and maintain as necessary if impacted by adverse conditions

As part of its duties, the responsible team will:

- Supply all necessary **equipment**, including vacuum blowers
- **Sweep** the pitch, and **dry** the pitch, run-ups and surrounds and make them fit for play by sweeping or draining water away and/or putting down sawdust
- Supply **sawdust** when needed to make the ground fit for play (but in finals each team will supply its own sawdust when it needs it); it should have enough sawdust to fill a standard 55-litre rubbish bin or garbage bag
- Mark undefined **boundaries**
- Supply **stumps and bails**, and replacements when they are needed
- **Repaint popping creases**, if needed; and

- If there is no official umpire, pitch **stumps** and mark **popping creases** to a distance at least 0.91m (3 ft) from each edge of the pitch.

An official umpire will report a team which breaches this Rule.

If the breach causes a delay, the other team may protest.

If it exceeds 30 minutes, the umpire will allow the other team to claim a walkover, but **only** for serious breaches which actually prevent the match proceeding (e.g. no stumps, etc.).

A team which gives a walkover under this Rule will be fined \$50.00.

If there is no official umpire, and a team breaches this Rule, the other team may protest.

S10 FOLLOW-ON AND DECLARATIONS

A team may enforce the follow-on if it leads by 80 or more on the 1st innings.

A captain may declare his team's innings at any time.

If a captain declares or enforces the follow-on during a break in play, play will not resume until at least 10 minutes after he notifies the other captain and the umpires of his decision to do so.

S11 STARTING AND COMPLETING LAST OVER

An over will be started if the umpire, walking at his normal pace, reaches his position at the bowler's end before time is reached for the Tea Interval or close of play.

If the time for a Tea Interval is reached during an over, it will be completed unless:

- A batsman is out or retires less than 2 minutes before the Tea Interval is due; or
- The players have cause to leave the field.

S12 DAILY OVERS - Two Day Matches

The daily overs are:

- **80 overs in E Grade and above; and**
- **70 overs in F1 Grade and below.**

But reduced by one over for each full 3 minutes for total time lost if greater than 45 minutes for which neither team is responsible (including, eg adverse conditions and injuries)
A total of 45 minutes lost represents a reduction of zero overs, whereas a total of 48, 51 and 54 minutes lost represents a reduction of 16, 17 and 18 overs etc.

There is NO reduction for the 10 minute break between innings nor for lost balls.

An over left unfinished when an innings ends DOES count as an over bowled.

An over in progress when an interruption in play starts will be completed when play resumes, and then it counts as an over bowled.

If a bowler cannot complete an over, another bowler will complete it (as per Law 22.8), and then it counts as one over bowled.

On Day 1 if the daily overs are reduced for time lost, then play will cease once the adjusted number of overs is bowled.

On Day 2 Team 2 will only receive the same amount of overs. (Refer S17 item 4, Compulsory Closure conditions).

Official umpires will report the team responsible if the daily overs are not completed by the expected finishing time.

Solely for the purposes of this Rule, the expected finishing times are:

'E' and above: 6.00pm.

'F1' and below: 6.00pm.

If each team is partly responsible, they will each be reported. The official umpires will be the sole judges of which team is responsible.

They will note all time lost due to events beyond the control of either team, and undue delays by the batting team, and any other delay will be deemed to be the fault of the bowling team.

A team will be fined \$50 for its first offence in a season, increasing by \$50 for each later offence, e.g. \$100 for its 2nd offence, \$150 for its 3rd offence, etc.

S13 OVERS

If an umpire miscounts the number of balls the over as counted will stand.

For all purposes of these Rules, it then counts as:

- one over bowled; and
- 6 balls bowled.

S14 OVER LIMITS FOR YOUNG BOWLERS

Bowlers, regardless of their pace, are limited to the following overs

	U18	U16	U14
Per Day	24	20	16

Bowlers (excluding spin bowlers playing in Grades E and above) are limited to the following overs per spell

	U18	U16	U14
Per Spell	8	5	5

Note: The spin bowler exception in relation to overs per spell will apply in all Grades during finals.

In this Rule, age limits are determined by the player's age on that day.

The limit per day includes all overs bowled in both Junior and Senior matches on the day.

All bowlers must rest between spells for at least twice as many overs as his last spell (e.g. if he bowls 5 overs, he must rest for at least 10 overs, i.e. 5 at each end).

A bowler starts a new spell with his first over in the seniors, even if he bowled the last over in the juniors.

A bowler bowling immediately before and after the Tea Interval is continuing the same spell.

A bowler starts a new spell at the start of a new day of a match.

A captain will mark relevant players Under 14, Under 16 or Under 18 on the Scorebook or Team List.

Scorers will tell the umpires as soon as a bowler reaches his limit.

If they do not do so, the batting captain will tell the umpires as soon as he knows a bowler is over or about to go over his limit.

The umpires will tell the fielding captain as soon as they are satisfied that a bowler has reached his limit.

A batsman dismissed in any illegal extra over in which a breach is notified may resume their innings at the fall of the next wicket.

**The penalties for breaching this Rule are those for playing an ineligible player,
BUT:**

- The opposing club may **ONLY** appeal if its captain (as required above) tells the umpires as soon as he knows a bowler is over or about to go over his limit, but **NOT** if he signs off the result as correct on the Scorebook; and
- The offending team will **NOT** forfeit points or the match unless it has been forewarned of the impending breach.

Players under the age of 12 are not permitted to participate in any capacity in a senior match.

S15 NO BALLS, WIDES AND 5 RUN PENALTIES

Deliveries off the Pitch

The umpire will call and signal no ball immediately a delivery pitches:

- outside the line of the pitch; or
- on the edge of the pitch so as to deviate in any direction; or
- one that bounces more than twice before reaching the batsman.

On Side Fieldsmen

The umpire will call and signal no ball if at the instant of the bowler's delivery there are more than 5 on side fieldsmen, or more than 2 on side fieldsmen behind the popping crease.

Calling Illegal Short-Pitched Deliveries and Full Tosses

If there are 2 official umpires, either umpire will call and signal no ball if:

- A delivery pitches then passes or would have passed over head height of the striker, standing upright at the crease; or
- A delivery (of any pace) passes or would have passed on the full above waist height of the striker, standing upright at the crease.

In other matches, such no balls may only be called by the bowler's end umpire.

Note: A caution will be issued after a bowler delivers a non-pitching dangerous delivery above waist height. A further similar delivery will incur suspension from further bowling in that innings.

Explanatory Notes on No Balls and Wides

Deliveries pitching off the pitch are No Balls (not Wides), which is important because:

- *From a no ball, batsmen can be out Hit The Ball Twice, Run Out, or Obstructing The Field, but*
- *From a wide, batsmen can be out Hit Wicket, Stumped, Run Out, or Obstructing the Field.*

Underarm bowling is prohibited by Law 21.1.

A delivery pitching on the pitch may still be a Wide under the definition in Law 22.1.

Five Run Penalties:

Illegal Fielding Penalties

The 5 run penalties for illegal fielding (Law 28.2) and for the ball hitting a fielder's helmet on the ground (Law 28.3) apply in all matches.

Other Five Run Penalties

The 5 run penalties otherwise specified apply **only** in grades where there are 2 official umpires.

S16 ONE-DAY HOME & AWAY MATCHES

Hours of Play

- Play to commence at 12.30pm (All Grades)
- Scheduled Close is 6.00pm
- With a 20-minute Tea Interval at the conclusion of innings of team batting first.

Overs

- Each team to receive a maximum of 40 overs (E Grade and above) and 35 overs (F1 Grade and below)
- But reduced by one over for each full 3 minutes for total time lost in excess of 45 minutes, for which neither team is responsible (including, eg adverse conditions and injuries)
 - In the event of say, 48 minutes (16 overs) lost in total during the innings of team batting first, then the match is reduced to 64 overs (F1 and below 54), with each team entitled to 32 overs each (F1 and below 27). The equal distribution of available overs however is dependent upon the Team batting 1st choosing not to exercise their option of batting their full 40 or 35 overs
 - In the event of lost time (in excess of 45 minutes) through adverse weather **at the start of play**, the remaining overs are to be split equally
 - A result can only be achieved if at least 20 overs are available to each team
 - In the event of the available overs being an odd number, then the available daily overs is reduced by one to make an even split.

Close of Play

- Play concludes once a first innings result is achieved. No allowances exist for outright results.

Extension of Play beyond Scheduled Close

- Play may continue beyond 6.00pm only if a first innings result has yet to be achieved and the total time lost has not exceeded 45 minutes.
- However, in the event of adverse conditions interrupting play beyond 6.00pm, play will cease for the day.

One Day Wides (B Grade and below only)

In one-day home & away matches, a delivery with which the striker has not made contact, not being a no ball, shall be called a wide if:

- It passes to either side of the wicket so that the striker, whether he moves from his normal stance at the crease or not, does not have a reasonable opportunity to score; or
- It lands outside the line of his leg stump and then veers further to the on side.

One Day Wides (Shield Grades only)

Leg Side Wides – Any delivery which in the opinion of the umpire passes outside the line of the leg stump without touching the batsman's bat, equipment or body shall be called a wide.

Exception: A ball that passes between the batsman and the leg stump shall not be called a wide.

Off Side Wides – Any delivery which passes outside of the 2 parallel lines (for LH and RH batsmen), which are 180cm apart from each outer edge, shall be called a wide. These lines are to be marked on either side of the wicket between the batting crease and the bowling crease.

Fielding Restrictions (Shield Grades only)

A restricted area shall be marked with two 30 metre semi-circles from the centre stump at each end, joined by a straight line on each side. The limits of the area shall be clearly marked. See below.

Bowling Restrictions

- Each bowler is restricted to 8 overs (E Grade and above) and 7 overs (F1 Grade and below) or one fifth of the available overs in the event of lost time **at the start of play**
- In the event of lost time **after the start of play** there will be no reduction to a bowlers original restriction
- Scorers will advise the umpires or captains when limits have been reached.

Fieldsman Outside the Restricted Area (Shield Grades only)

- Overs 1-8, no more than 2 allowed outside the ring
- Overs 9-16, no more than 3 allowed outside the ring
- Overs 17-24, no more than 4 allowed outside the ring
- Overs 25 and onwards, a limit of 5 allowed outside the ring

Individual Batting Restrictions

- In **Grades G1 – G6 only**, batsmen will compulsorily retire upon reaching 50 runs
- Retired batsmen may resume their innings at the fall of the last wicket
- Retired batsmen may only resume in the order in which they retire
- Retired batsmen are 'not out' for averages and percentages.

S17 TWO-DAY HOME & AWAY MATCHES

1. Team 1 is the team which bats first. **Team 2 is** the team which bats second.

2. Hours of Play

'E' and above:	Start: 12.30	Tea: 2.50
'F1' and below:	Start: 12.30	Tea: 2.50

Tea interval: 20 minutes at the above times, **but:**

- The interval starts 30 minutes before Tea is due if the players are then off the field
- If the players have cause to leave the field when 30 minutes or less remain before Tea is due to start, the interval starts immediately; and
- If 9 wickets are down when Tea is due to start, play will continue for 30 minutes, unless the innings ends or the players have cause to leave the field earlier.

Close of Play: Play ends each day upon completion of the Daily Overs, **BUT:**

- The captains may agree to end play at any time on Day 2 after a result is reached, however, Team 2 has the right to continue

facing their innings quota of 80 overs (70 in F1 Grade and below) even after passing Team 1's total, if they choose to do so; and

- On Day 2, official umpires can end play once Team 2 has completed its 1st innings or has faced their innings quota of 80 overs (70 in F1 Grade and below) providing Team 2 has passed Team 1 and they think no further result is possible
- All matches must recommence on Day 2 regardless of whether a first inning result has already been achieved.

3. Any innings may be declared at any time.

4. Compulsory Closure of each team's 1st innings:

- Team 1 closes upon completion of the Daily Overs
- If Team 1 compulsorily closes, Team 2 closes after the same number of balls
- In the event of lost time on Day 1 exceeding 45 minutes through Adverse Conditions, play will cease once the adjusted number of overs for the day has been reached.

However:

- Team 1 may only continue batting on Day 2 until their innings total of 80 or 70 overs are reached
 - Team 1 may elect to declare on Day 2 and split the overs, whereby Team 2 compulsorily closes after receiving the same number of overs.
 - ⊖ In the event of Day 1 being abandoned after an odd number of overs, then Day 2 will only have 79 overs (69 in F1 and below) available should Team 1 choose to split the overs. This way each team will receive an equal number of overs.
 - ⊖ **Further to the above point** - in the event of play being abandoned after 75.2 overs (or 65.2 in F1 and below), the 4 balls of the unfinished over will be completed the following week and will be counted as 1 over bowled. To effect an even split then, there can only be another 78 overs (68 in F1 and below) of play remaining.
- In the event of lost time on Day 2 exceeding 45 minutes through Adverse Conditions, play will cease once the adjusted number of overs for the day has been reached.

Note - If team batting 2nd commences batting on Day 1 and bats the full 80 overs (70 overs F1 and below) on Day 2, without reaching their target, then they lose.

Similarly in a reduced overs match of say 70 overs each, and where Team 1 only bats 68 overs, if Team 2 does not pass Team 1's score after the available 72 overs, then they lose as well.

S18 SEMI FINALS

Semi Finals will be played under normal Two Day conditions, except that either team can concede the match at any time.

In addition, the clause (S7-Adverse Conditions) relating to the restarting of a match on Day 2 in the event of 20 overs not being bowled on Day 1, will not apply if a Reserve Day is available.

Reserve Day

- In the event of more than 45 minutes being lost on either day due to Adverse Conditions, the balance of the overs lost is available to be used on the Reserve Day. Play on the Reserve Day will cease once a 1st innings result is achieved
- In the event of both Days 1 and 2 of the match being abandoned, the Reserve Day will revert to One Day Conditions.

S19 GRAND FINALS

Grand Finals will be played under normal Two Day conditions, except that either team can concede the match at any time.

In addition, the clause relating to the restarting of the game on day 2, in the event of 20 overs not being bowled on Day 1, will not apply (ref, S18 above).

Extension to Hours/Days of Play

- If there is no 1st innings result by Close of Play on Day 2, or any later Day, the umpires may extend play for up to 30 minutes on that Day if they think a 1st innings result can be reached in that time; and
- If the Executive or match officials think a 1st innings result might not be reached in the allotted time, it may extend the hours and/or days of play.
- If the weather forecast on any day is predicted to be extreme in terms of heat, then the Executive has the discretion to bring forward the start time by up to one hour.

Reserve Day

- In the event of more than 45 minutes being lost on either day due to Adverse Conditions, the balance of the overs lost is available to be used on the Reserve Day. Play on the Reserve Day will cease once a 1st innings result is achieved

- In the event of both Days 1 and 2 of the match being abandoned, the Reserve Day will revert to One Day Conditions.

Note: In Shield Grade Grand Finals when there are two Reserve Days, the 1st Reserve Day is only used in the event of Day 1 being abandoned before 20 overs being bowled.

S20 VETERAN COMPETITION MATCHES

Any rules not specifically addressed in these match rules are subject to the rules of DVCA senior cricket and/or the Laws of Cricket. Rules should also be applied in conjunction with the Veterans administration rules.

Hours of Play

- Play to commence at 1.00pm
- Scheduled Close is 6.00pm
- With a 20 minute Tea Interval at the conclusion of innings of team batting first.

Number of Players

- A team can play 12 players, with only 11 players permitted to bat and only up to 11 players permitted to bowl. That is, a team can consist of:
 - 10 players that are eligible to bat and bowl
 - one player that is eligible to bat only, and
 - one player that is eligible to bowl only.

Overs

- Each team to receive a maximum of 35 overs
- But reduced by one over for each full 3 minutes for total time lost in excess of 45 minutes, for which neither team is responsible (including adverse conditions and injuries)
 - In the event of say, 48 minutes (16 overs) lost in total during the innings of team batting first, then the match is reduced to 54 overs, with each team entitled to 27 overs each. The equal distribution of available overs however is dependent upon the Team batting 1st choosing not to exercise their option of batting their full 35 overs
 - In the event of lost time through adverse weather **at the start of play**, the remaining overs are to be split equally
 - A result can only be achieved if at least 20 overs are available to each team

- In the event of the available overs being an odd number, then the available daily overs is reduced by one to make an even split.

Adverse Conditions

- Rule S8 applies in respect to adverse weather, except that the heatout policy will be implemented once the temperature reaches 36°

Close of Play

- Play concludes once a first innings result is achieved. If both captains agree, the match may continue until Team 2 completes its innings.

Extension of Play beyond Scheduled Close

- Play may continue beyond 6.00pm only if a first innings result has yet to be achieved and the total time lost has not exceeded 45 minutes
- However, in the event of adverse conditions interrupting play beyond 6.00pm, play will cease for the day.

Wides

A delivery, with which the striker has not made contact, not being a no ball, shall be called a wide if:

- it passes to either side of the wicket so that the striker, whether he moves from his normal stance at the crease or not, does not have a reasonable opportunity to score; or
- It lands outside the line of his leg stump and then veers further to the on side.

Bowling Restrictions

- Each bowler is restricted to 6 overs or one sixth of the available overs in the event of lost time **at the start of play**
- In the event of lost time **after the start of play** there will be no reduction to a bowlers original restriction
- Scorers will advise the umpires or captains when limits have been reached
- Eight players must bowl a minimum of one over.

Batting Restrictions

- A Batsman WILL retire immediately he reaches 40 i.e. before the next ball is bowled and **cannot bat again**
- Up to two batsmen MAY retire before 40. He may bat again after all listed players bat and may bat on until he reaches 40. If there are two retirees, they may only return in the order of their retirement.

If a batsman breaches the limit:

- Runs made beyond the limit will be deducted from his and the team's total. He will be deemed to have been out at the limit for averages and percentage
- if the breach occurs during a last wicket partnership, the innings will be deemed to have ended at the instance of the breach, and he will be deemed to have been out at the limit for averages and percentage; and
- If the executive considers it is clear there was intent to unfairly win the match and/or prevent the opposing team from doing so then point penalties and/or fines may apply at the discretion of the executive.

LBW

- LBW is to be applied in both the semi final and grand final, but not during the home and away matches.

Grand Final Reserve Day

- In the event of more than 45 minutes being lost due to Adverse Conditions, the balance of the overs lost is available to be used on the Reserve Day. Play on the Reserve Day will cease once a 1st innings result is achieved
- In the event of 20 overs not being bowled on Day 1, the match will restart again on the Reserve Day

- U10's and Level 1 Girls play all one-day matches.

In these Rules, 'final' includes semi final and/or grand final.

JA2 TEAM ENTRIES, GRADINGS AND FIXTURES

Team Entries	<p>The executive will notify clubs of the junior playing dates along with Junior Team Nomination forms in the second week of August.</p> <p>The closing date for team entries is early September.</p> <p>By the closing date, clubs will notify the Operations Manager on the official DVCA Team Nomination form of:</p> <ul style="list-style-type: none">• the number of teams entered in each available age group and playing day• the home ground for each team• its appropriate grade for each team including expected team composition• any other information specified on the form. <p>A club will be fined \$50 if it does not lodge its details on time and \$50 if it does not confirm its final team entries by the deadline specified below.</p> <p>The executive will then use its discretion to grade teams.</p>
Gradings	The Operations Manager will within 15 days after team entries close notify clubs of final grades.

	<p>A club may contest these gradings by notice to the Operations Manager within 7 days. However alterations to final gradings will only be considered due to exceptional circumstances.</p>

In addition, if a ground becomes unfit for play before or during a match, the Operations Manager may re-schedule or relocate the match, or direct that a partly completed match be completed on another ground or date.</p> <p>If an emergency or incident outside the control of the DVCA or a club prevents the playing of a match the executive has the power to award points as it sees fit to either team.</p> <p>A club will play in all matches for which it is drawn.</p> <p>If a club fails to do so, or if it forfeits before or during any day of a match, its opponents win on a walkover.</p> <p>If a club forfeits on or before Day 1 of a two-day match, and Day 1 is abandoned in all matches in that grade, the forfeiting team has the opportunity to field a side the following week. Finals Qualifications	<p>Matches played with a combined team count for finals qualifications for a club's higher teams. The clubs are jointly liable for any breach of the Rules by or in relation to a combined team</p>

JA4 SEMI FINALS AND GRAND FINALS

The 4 teams with the most home & away points will play in semi finals.

1st plays 4th and 2nd plays 3rd.

If points are equal, the team with the higher percentage is higher on points.

Percentage is calculated by dividing a team's batting average (divide the runs it scores by the wickets it loses) by the batting average against it (divide the runs scored against it by the wickets it takes).

In any innings, complete or incomplete, teams lose the number of wickets which actually fall.

If a team forfeits its percentage for a match, it is deemed to score no runs and take no wickets, but to lose the wickets it actually loses and to have scored against it the runs actually scored against it; the percentage of its opponents is calculated on the actual scores.

The two teams who win the semi finals will play in the grand final.

If a semi final is drawn or tied, the higher team will play in the grand final.

Joint Premiers

If a grand final is drawn or tied, the teams are joint premiers

Ground allocations for finals

At the discretion of the executive, grounds for Semi Finals and Grand Finals may be awarded to the Team finishing higher on the ladder after the Home & Away matches.

If the condition of the ground for the team finishing higher on the ladder is deemed unsatisfactory or facilities are deemed inadequate then the executive may award the match to be played at the away team’s ground or a neutral ground.

An assessment of all grounds will be completed at the end of February. Grounds that are considered unsatisfactory to play finals will be advised to all clubs prior to the Pre-Finals meeting.

JA6 FINALS QUALIFICATIONS

Qualifying matches

'Final' includes semi final and grand final;

'Match' means home & away match for the club in that season;

A match counts for qualifications if the player was eligible to play in it, and

- it was actually played
- it was abandoned or cancelled (with or without play) because of adverse conditions (eg washout or heatout)
- it was won by his team on a walkover
- it was a bye for his team
- but not if he was only a substitute or 12th man

Grades in order of assigned colours are Blue, Teal, Red, Yellow, and White and if the executive adds, deletes or renames grades it will designate their order for this Rule.

Multiple teams in one grade or age group

If a club has more than one team in a grade, they will be designated as No.1, No.2, etc., and players may swap freely between them in home & away matches, but for finals qualifications players must have played in 3 matches for their designated team or dispensation must be sought.

Matches required to qualify

A player qualifies for a final if they have played 3 or more matches for THAT TEAM in THAT SEASON. Where this is not the case, dispensation must be sought.

If a club has more than one team in an age group, players must have played 3 matches for their designated team or dispensation must be sought.

Senior matches do not count for junior finals qualifications; and a player may play any number of senior matches or matches in a higher age group without affecting his qualifications for his own age group.

Note, where players are unavailable for one day of a two-day finals match, only substitute fielders can be used to replace them. A Junior Finals Dispensation will be required in each case. Any players that have had dispensation approval to sub field should be noted on the paper scorebook.

U10 and Level 1 Girls Matches

These matches count for finals qualifications, but only if, before playing in the final, the club applies for and obtains dispensation from the executive. The player must have played the required matches as above.

ADMINISTRATION RULES - SENIORS

SA1 THE COMPETITION

Each season:

- the executive will sort all teams into grades; and
- clubs will nominate the teams they wish to enter; the teams in each grade will compete for a premiership in a series of one-day and two-day home & away matches and finals series.

SA2 TEAM ENTRIES & GRADINGS

<p>Provisional Gradings</p>	<p>The executive will release a list of provisional gradings prior to the Annual General Meeting.</p> <p>When grading, the executive will observe the following criteria in grading teams:</p> <ul style="list-style-type: none"> • promotion and relegation will generally be based on the premise of one team up and one team down. In the case of a tied or drawn grand final, the highest ranked team will be promoted. • only one team from a club may be permitted to compete in grades E and above
<p>Team Nominations</p>	<p>Clubs will be required to nominate their senior teams to the Operations Manager by early July. A club will be fined \$50 if it fails to submit their senior team nominations on time.</p> <p>Upon nominating their senior sides, the club must:</p> <ul style="list-style-type: none"> • Confirm/withdraw their senior teams that played in the previous season. • Nominate new teams • Allocate grounds including any known unavailable dates of these grounds.
<p>Withdrawals</p>	<p>If a club withdraws a team from a standard competition grade, they must withdraw their lowest team. For example, a club cannot withdraw its E Grade team and maintain its lowest G Grade team.</p>
<p>New Teams</p>	<p>Any new teams will be inserted into the lowest available grade, although the executive reserves the right to insert a new team into a higher grade under extraordinary circumstances.</p>
<p>Final Gradings</p>	<p>The Operations Manager will within 15 days after team entries close notify clubs of final gradings with the exception of the two lowest grades. The provisional senior playing dates will also be released at this time.</p>
<p>Appeals</p>	<p>A club may contest these gradings by notice to the Operations Manager within 7 days. However alterations to</p>

	final grades will only be considered due to exceptional circumstances.
Final Withdrawals	Clubs will email final team confirmations to the Operations Manager by 5pm on the 31 st August. Any team withdrawn after this deadline will incur a financial penalty at the executive's discretion. After final fixtures are released there will be no option to withdraw, each round will be treated as a forfeit and fines imposed accordingly

SA3 FIXTURES

As soon as gradings are finalised, the Operations Manager will begin the process of drawing the fixtures.

Re-scheduling a match

During the season the Operations Manager may re-schedule a match.

In addition, if a ground becomes unfit for play before or during a match, the Operations Manager may re-schedule or relocate the match, or direct that a partly completed match be completed on another ground or date.

If an emergency or incident outside the control of the DVCA or a club prevents the playing of a match the executive has the power to award points as it sees fit to either team.

Walkovers

A club will play in all matches for which it is drawn.

If it fails to do so, or if it forfeits before or during any day of a match, its opponents win on a walkover.

If a club forfeits on or before Day 1 of a two-day match, and Day 1 is abandoned in all matches in that grade, the forfeiting team has the opportunity to field a side the following week. (A reduced penalty will apply).

A club intending to give a walkover will notify the Operations Manager, the other club and the Umpires Association before noon on the day prior to the match. If it fails to do so, the fine for giving a walkover will be doubled.

If an umpire has been appointed to the match and cannot obtain a substitute appointment, his fee will be paid by the defaulting club.

If a club gives a walkover under this Rule or S12, all of its lower teams also lose on a walkover in that round (even if they play), but only if they are scheduled to play that weekend.

Note: The executive may use their discretion in this instance.

SA4 SEMI FINALS AND GRAND FINALS

Semi Finals

At the discretion of the executive, grounds for Semi Finals may be awarded to the Team finishing higher on the ladder after the Home & Away matches. If the condition of the ground for the team finishing higher on the ladder is deemed unsatisfactory or facilities are deemed inadequate then the executive may award the match to be played at the away team's ground or a neutral ground.

The 4 teams with the most home & away points will play in semi finals.

1st plays 4th and 2nd plays 3rd.

If points are equal, the team with the higher percentage* is higher on points.

Percentage Calculation

Percentage is calculated by dividing a team's batting average (divide the runs it scores by the wickets it loses) by the batting average against it (divide the runs scored against it by the wickets it takes).

In any innings, complete or incomplete, teams lose the number of wickets which actually fall.

If a team forfeits its percentage for a match, it is deemed to score no runs and take no wickets, but to lose the wickets it actually loses and to have scored against it the runs actually scored against it; the percentage of its opponents is calculated on the actual scores.

Grand Finals

Barclay Shield, Money Shield and Mash Shield Grand Finals will be played on the top 3 grounds as determined by the executive. When allocating Grand Final venues, the executive will ensure it is a neutral venue between the competing clubs.

All clubs' grounds must be available to the DVCA until the end of March; otherwise a penalty or sanction may apply.

At the discretion of the Executive, grounds for Grand Finals, B Grade and below (including juniors), may be awarded to the team finishing higher on the ladder after the Home & Away matches. If the condition of the ground for the team finishing higher on the ladder is deemed unsatisfactory or facilities are deemed inadequate then the Executive may award the match to be played at the away team's ground or a neutral ground.

The teams which win the semi finals will play in the grand final.

If a semi final is drawn or tied, the higher team will play in the grand final.

If a grand final is drawn or tied, the teams are joint premiers.

SA5 ELIGIBILITY OF PLAYERS AND SUBSTITUTES

Refer to 'A7 Player Registrations' and 'A8 Transfers' to ensure players are registered as per these rules. Any player not registered within these rules will be deemed an ineligible player.

<p>Ineligible players</p>	<p>A player is ineligible to play if he is currently suspended or disqualified by this or any other cricket association; or if the DVCA is notified that he has unpaid cricket subscription fees with another club.</p> <p>Players can only play one senior match on the same weekend. If a player does play in two matches, they will be deemed ineligible for the 2nd match that they played. This rule does not prevent a player from substituting in additional matches on the same weekend.</p> <p>Players whose names appear on the team entry in the event of a bye or a walkover are ineligible to play in any other match across the playing dates of their match.</p>
<p>Shield Grade Players (eligible grades)</p>	<p>Shield Grade players cannot be dropped more than one team at a time during a current season, unless during finals if their club has consecutive teams playing or the player has qualified in that grade. As an example, if a club has Barclay, B, D and F3 sides, their Shield Grade player can only be dropped in the following order: Barclay, B Grade, D Grade, F3 Grade. The exception will be if the player has been unavailable for at least 3 consecutive matches. Where a club has a second shield side, that side is deemed to be their second team.</p> <p>Note: A Shield Grade player can act as a fielding substitute in any of the lower grades at any time, subject to the umpire's discretion.</p>
<p>Substitutes</p>	<p>Law 24 applies to substitutes.</p> <p>In a home & away match, a captain will notify the official umpires of any substitute before the start of the day's play. The umpires will then tell the other captain. If there is no official umpire, the captain will tell the other captain.</p> <p>Substitutes will generally be allowed for part days only. Exceptions to this would be where a player sustains an injury during the first days play or through legitimate personal circumstances occurring during the week of a game. In all situations umpires will have sole discretion in determining the merits of each case. In the event of no umpires present, then the use of a substitute will only be allowed by the agreement of both captains.</p> <p>A person may NOT act as a substitute in ANY match if:</p> <ul style="list-style-type: none"> • He is under the age of 12; or • He is not registered with the club. Penalty: a fine of \$50. <p>Note: A team may have more than 1 substitute.</p>

	<p>A person may NOT act as a substitute for a team in a FINAL unless he qualifies to play for it under SA5, OR the person has a Finals Substitute Dispensation. Penalties: a fine of \$50, and the penalties set by SA6 for playing an ineligible player.</p> <p>Substitutes may act as wicketkeeper with the consent of the Umpires or the opposing captain. Substitutes cannot bat or bowl.</p>

ADMINISTRATION RULES – VETERANS (VETS)

VA1 THE COMPETITION

Each season clubs will nominate the teams they wish to enter on receipt of the gradings from the executive.

VA2 TEAM ENTRIES AND GRADINGS

Team Nominations

By the final closing date, clubs will notify the Operations Manager on the official DVCA form of:

- confirmation of teams entered, including new teams
- the home ground for each team; any other information specified on the form

The final closing date for team entries is 31st August

A club will be fined \$50 if it does not lodge its details by this time.

Final Gradings

The Operations Manager will within 7 days after team entries close notify clubs of final gradings

The executive will then draw fixtures and matches will be played according to the fixture.

Appeals

A club may contest these gradings by notice to the Operations Manager within 7 days. However, alterations to final gradings will only be considered due to exceptional circumstances.

Withdrawals

Any team withdrawn after the fixtures have been published will be required to pay forfeit fines for their fixtured matches. At the discretion of the executive, the fixtures may be re-drawn to avoid unnecessary byes.

VA3 FIXTURES

After gradings are finalised the executive will then draw fixtures and matches will be played according to the fixture.

Re-scheduling of matches

The Operations Manager may re-schedule a match. In addition, if a ground becomes unfit for play before or during a match, the Operations Manager only may re-schedule or relocate the match, or direct that a partly completed match be completed on another ground or date.

If an emergency or incident outside the control of the DVCA or a club prevents the playing of a match or matches the executive has the power to award points as it sees fit to either team.

Matches can only be re-scheduled at the discretion of the Operations Manager.

Walkovers

A club will play in all matches for which it is drawn.

If it fails to do so, or if it forfeits before or during any day of a match, its opponents win on a walkover.

If a club gives a walkover under this Rule or S12, all of its lower teams in the Vets competition will also lose on a walkover in that round (even if they play), but only if they are scheduled to play that weekend.

VA4 SEMI FINALS AND GRAND FINALS

At the discretion of the executive, grounds for Semi Finals may be awarded to the Team finishing higher on the ladder after the Home & Away matches. If the condition of the ground for the team finishing higher on the ladder is deemed unsatisfactory or facilities are deemed inadequate then the executive may award the match to be played at the away team's ground or a neutral ground.

The 4 teams with the most home & away points will play in semi finals.

1st plays 4th and 2nd plays 3rd.

If points are equal, the team with the higher percentage* is higher on points.

*Percentage is calculated by dividing a team's batting average (divide the runs it scores by the wickets it loses) by the batting average against it (divide the runs scored against it by the wickets it takes).

In any innings, complete or incomplete, teams lose the number of wickets which actually fall.

If a team forfeits its percentage for a match, it is deemed to score no runs and take no wickets, but to lose the wickets it actually loses and to have scored against it the runs actually scored against it; the percentage of its opponents is calculated on the actual scores.

The teams which win the semi finals will play in the grand final.

If a semi final is drawn or tied, the higher team will play in the grand final.

If a grand final is drawn or tied, the teams are joint premiers.

VA5 ELIGIBILITY OF PLAYERS AND SUBSTITUTES

Refer to '**A7 Player Registrations**' and '**A8 Transfers**' to ensure players are registered as per these rules. Any player not registered within these rules will be deemed an ineligible player.

Penalties: a fine of \$50, and the penalties set by VA6 for playing an ineligible player.</p>
Imposing, Appealing and Varying the Penalties	<p>The General Manager will impose the penalties as the offences occur. A club may appeal against any penalty imposed on it. The opposing club may appeal against the leniency of any penalty. The executive may initiate enquiries into any offence.</p> <p>Appeals will be given to the General Manager within 48 hours after penalties are announced. They will specify full details of the offence and any reasons why the penalty should be varied. They will be dealt with under Rule 7.</p> <p>The executive may in its absolute discretion vary, cancel or replace a penalty, award or forfeit points and/or percentage, and/or amend a result.</p>

VA6 PENALTIES FOR INELIGIBLE PLAYERS

For the purposes of this Rule, a player is deemed to play in a match if he plays in it, OR is listed in the team on PlayHQ.

Home & Away matches	<p>If a team plays an ineligible player, it forfeits all points received in the match, and it also forfeits 2 points. If only one team plays an ineligible player, their opposition will be awarded the win and receive the maximum points achieved within their grade for that round.</p>
